### **Langmatz donates €10,000 to the 'Werdenfelser Werkstätten' charity**

#### **Disabled artists create images for Christmas cards**

*Garmisch-Partenkirchen, Germany, 2 February 2021* – Langmatz GmbH has been supporting a wide variety of social projects in the district for many years. In the past year, the specialist plastics and metals processing company had decided to make a monetary donation to 'Werdenfelser Werkstätten', a charity supporting people with disabilities, instead of sending out Christmas gifts. This well-known facility in Garmisch-Partenkirchen supports adults with mental, psychological, physical or multiple disabilities, with the aim of integrating them into the world of work. Today, Ludwig Fischer and Dieter Mitterer, both Managing Directors of Langmatz, handed over a cheque for €10,000 to Ronald Kühn (Executive Board Member), Veronika Werner (Head of Education) and Peter Pfeiffer (Workshop Director).

“It is important to us to help people in our society who need our assistance. That is why, we have decided to support the 'Werdenfelser Werkstätten' charity with a donation this year. We would like to take this opportunity to thank everyone who used their tremendous creative talent to make us wonderful Christmas images,” declared Mr Fischer and Mr Mitterer when handing over the cheque at the company’s headquarters. Artists at the workshop for disabled people had created various Christmas images, which Langmatz then used to produce Christmas cards. Customers and business partners therefore received a card addressed to them personally in the Christmas mail last year, but also three more cards to send Christmas greetings to their friends and relatives.
